

January 31, 2011

Dear Members of the Southwest Region,

Please accept my declaration of candidacy for the office of Assistant Regional Director.

Being a retired high school teacher, administrator and university professor, I have the experience, organizational skills and time to offer to the Region.

In past service to our parent organization, I created the Secretarial Tutorial to assist trial secretaries throughout the country. Additionally, I recently completed checklists for local and regional trials which can be found under Forms on the USCA web site.

I have been in the Schutzhund world for almost 30 years, having been a member of the Phoenix Schutzhund Club since 1983. I have served as the club secretary for many years and have been the official trial secretary in multiple local, regional and national level trials. I have personally trained three different breeds in the sport at every level and have competed several times at the national level.

I look forward to the opportunity to serve and would very much like to give back to the sport that which has been so enjoyable to me all these years.

Sincerely,  
Gail Kendall
